There seemed to be but one sentiment existing in the meeting, and that was to go ahead in this great enterprise; and go ahead, we are clearly of opinion, the people of this town will. A committee of twelve, was appointed, for the purpose of calling upon our citizens in person, to ascertain how large a subscription could be obtained towards the furtherance of the object. The committee has been diligently at work, and we are pleased to hear, with great success. Most all of the original subscribers whom they have seen, have nobly come up to the scratch, and doubled their subscriptions. There can be no doubt on our mind but that Wilmington will make up \$300,000. she should, the thing will be accomplished. There will be no further room for doubts. All will be animation and life, and the road be placed under contract in a very few months.

The committee will make their report to-day,

day) morning we have not received one word of news from Gen'l Scott since our last week's paper was issued. The Southern Mail, due this morning, has not arrived at the time of writing this paragraph. Should the Mail reach here before we get our paper to press, we shall notice such news as may be received. Our advices from Gen. Taylor's division are down to the 18th inst., from the Rio Grande, and to the 29th ult, from Buena Vista. There is not much interest in the news, but such as we have received will be found in our columns.

LATEST FROM MEXICO. - The Southern Mail was detained to-day, on account of boisterous weather at sca, until 1 o'clock, P. M. We have received no New Orleans papers by this mail. The Charleston Courier, however, of vesterday, contains New Orleans dates to the 22d inst., with news from our army under Gen. Scott. The news may be considered interesting, and we hasten to lay it before our readers. It will be seen that Gen. Scott is still at Puebla, and that it was reported, and with apparent truth, that the Mexican Congress had appointed Commissioners to treat with Mr. Trist for peace. It was believed that Santa Anna would pronounce in favor of peace, as the peace party in Mexico was fast gaining the ascendency. We have no time to go into an analysis of the news, as we must go to press. The news will be found under the appropriate heading.
